

Wireless Refrigerant Scale VRS-100i-01 Precise Charging

Making Your Job More Enjoyable!

VRS-100i-01 Wireless Refrigerant Scale

The **NAVTEK™ VRS-100-01** series bluetooth wireless electronic refrigerant scale is designed and reinforced with advanced technology, providing more precise and portable refrigerant charging technology.

Through the bluetooth connection between handheld device, electronic charging scale and solenoid valve on the refrigerant container, the container can be controlled and automatically turned off once the pre-set charge level is reached.

The magnesium alloy weighing pan and ergonomic, one-piece, portable design makes it lighter and easier to carry.

Leading Technology, Superior Quality, Best Experience.

Making Your Job More Enjoyable !

Precise Charging

Wireless Bluetooth Control

- More convenient

Precision Sensor

- Precision measurement
- Accuracy 0.05%

Magnesium alloy weighing pan

- Only 2.0Kg, easy to carry

Large Backlit Display

- Large screen data display, better readability
